Bohemian rhapsody: Styles to spring into summer

Downtown boho clothing and accessories head uptown for a glamorous, carefree vibe this summer at Deborah James boutique at Royal Palm Place, 402 Via De Palmas, in Boca Raton. The shop offers earthy tunics, vibrant maxi dresses and statement necklaces, bracelets and rings in a relaxed setting that's laid out like a New York City loft.

Also stocking beautiful blouses, chic shoes, jackets and jeans, Deborah James is a unique shopping experience that caters to women who love cutting-edge fashion.

"I think we have something for everybody. People have bought things like a classic Italian leather belt and they find the item again in their closet and wear that piece in later seasons. We have a really broad customer base--about 18 to 80. My customer is someone who wants to look a little different--not like everyone else at the mall," James said.
